

Getting Started with RDD

Start Growing. Get Started with RDD.

Welcome to Restorative Dental Designs. We are excited to begin this partnership with your practice. This card will help you quickly and easily send your first case to the RDD laboratory. Let's start succeeding together.

What to Send with Your First Case

We want to provide you with the best service possible. Return the contact form below with your first case, and when sending in every case, please fill out the Rx form in its entirety. Please include the following items with every case:

- Completed Rx form
- Impressions and/or models
- Study and/or pre-op models (if available)
- Patient photos (if available)
- Bite registration
- Shade guide (if necessary)

How to Send Your First Case

To accommodate both our local and nonlocal customers, RDD ships your case using multiple freight companies, including Lone Star, Fed Ex and UPS. All you need to do is fill out the enclosed pre-paid shipping label and adhere it to your package and mail it to our office. It's easy to get started with RDD.

If you have any questions or need any further instruction, feel free to give us a call. We'd love to hear from you!
